

# LUNGAROTTI

## Exclusive Lungarotti Private Tour

A visit of the Lungarotti winery in Torgiano and in Montefalco is truly a unique experience. From the modern vinification techniques, to the heady scent of the casks and barriques in which our wines mature, to the bottles refining in the hushed half-light of the bottle-aging cellar. Guided tastings, then a fascinating glimpse of the culture of vine and wine and, to finish off, wine pairing while comfortably enjoying a relaxing meal.

The Exclusive Lungarotti private tour is dedicated to wine enthusiasts who desire a private guided tour of our Estates: a customized visit that appeals to all the senses, tailor-made to the needs of our visitors.

If you have selected this type of tour, we kindly ask you to book it in advance so we can devote our full attention to it: upon arrival in Torgiano you will be welcomed to the winery by a professional sommelier who will first take you to visit the "Monticchio" vineyard, the 12-hectare (almost 30-acre) vineyard where we cultivate the grapes for Rubesco Riserva Vigna Monticchio, the wine that is "closest to our heart", acclaimed as one of Italy's best red wines.

Upon returning to the winery you can discover the history of the Lungarotti family while enjoying a guided tour of the various production stages, from stainless steel vats, oak casks and barriques, up to the bottle refining stage: our production philosophy is rooted in the principle of sustainability, a field in which we have always been at the forefront, both in our vineyards as well as in the winery.

The old vintages "library-cellar" is the last stop of the tour. These historical archives are a rare spectacle and showcase the memories that wine reveals to us. This vault, normally closed to visitors, will be opened up on this special occasion so you can be immersed in its unique atmosphere and admire the very first bottles of Rubesco: the fascination of bottles representing the historical memory of a brand that has made Umbria become renowned world-wide.

The curated visit continues with a tasting of either a selection of our top wines or a vertical tasting comprising 4 vintages of either Rubesco Riserva Vigna Monticchio or of San Giorgio, the other "grand wine" of our range.

Your Lungarotti full-immersion would not be complete, however, if it did not also include the Wine Museum – MUVIT - located in the centre of Torgiano, just a 2-minute drive from the winery: after seeing the different phases of vinification and tasting its fruits, the experience is rounded off by discovering the history of the vine and wine through this museum of decorative arts considered by the New York Times as *best in Italy and one of the world's most interesting*; at the Museum a guide will be waiting for a private tour of the precious collections of ceramics, engravings and artworks.

To conclude the Exclusive Lungarotti private tour tastefully, you can choose between enjoying a lunch or dinner at Osteria del Museo next-door to the Wine Museum, or at Enoteca della Cantina (only lunch).
